

How to Prepare a Research Proposal Presentation?

PSY260- Research Methods-II

OUTLINE

- Title Slide (1 slide)
- **Introduction** (1 slide)
- **Literature Review** (4-5 slides)
- Research Questions/Hypothesis (1 slide)
- **Methodology** (3 slides)
 - Population
 - Data Collection Methods
 - Data Analysis
- Possible Limitations (1 slide)
- Conclusion (1 slide)
- References (1-2 slides)

Title Slide

- **Research Title:** Clear, concise, and attention-grabbing (should be catchy!) 😊
- **Student's Name(s) / ID Number(s)**
- **Advisor's Name**
- **Department / Faculty**
- **Month/Year**

RESEARCH TITLE

NAME & SURNAME – STUDENT NUMBER
NAME & SURNAME – STUDENT NUMBER
NAME & SURNAME – STUDENT NUMBER
NAME & SURNAME – STUDENT NUMBER
NAME & SURNAME – STUDENT NUMBER

Advisor: Advisor's Name & Surname
Faculty of
Department of Psychology

May/2025

Introduction

1. General introduction to the topic
2. The background or motivation for choosing the topic
3. The broader context of the research

Literature Review

- Summary of key academic studies related to the topic.
- The theoretical framework of the research.
- Identified gaps or debates in the literature.
- How your research will contribute to the existing body of knowledge...

Research Questions & Hypothesis

- **Research Questions:** What exactly is the study trying to answer? 😊
- **Hypotheses:** Assumptions to be tested.
- This section defines the focus of the study!
- **AIM AND OBJECTIVES!! – PURPOSE OF THE STUDY...**

The background of the slide features several thin, curved lines in a light gray color, some solid and some dashed, creating a modern, abstract design. A large red speech bubble is positioned on the left side of the slide, containing the title text.

Research Questions & Hypothesis

- Be careful! You should present both RQ and Hypotheses!
- RQ1:
- RQ2:
- RQ3:
- H1:
- H2:
- H3:
- H4:

Methodology

- The methodology will be designed to **answer and approve the research questions!!**
- **Type of research:** Quantitative, qualitative, mixed methods, experimental, etc...
- **Population and sample:** Who will be involved? How many participants? (SHOULD BE IN DETAIL!) **Please take notes in the class!**
- **Data collection methods:** Surveys, interviews, observations etc.
- **Data analysis techniques:** Statistical tools, content analysis, descriptive stats, etc. (e.g. SPSS, R Statistics, Lisrel...)
- Mention any tools, resources...

The background of the slide features several thin, curved lines in a light gray color, some solid and some dashed, creating a sense of motion or a stylized globe. A large red rectangle is positioned on the left side, containing the title text.

Ethical Consideration & Possible Limitations

- Ethical principles to be followed (e.g., informed consent, confidentiality)
- Potential limitations of the research (sample size, time constraints, etc.)

Conclusion

- A summary of your research! –Just to summarize all the information!

References

- Do not forget to use **APA 7 FORMAT!**

Extra Tips! 😊

- Slide count: Max. 15 is ideal 😊
- Keep slides **simple and visual** (please, avoid long paragraphs)...
- **Highlight core parts:** Introduction, Literature Review, Methodology.
- Practice timing before your presentation! - Usually you'll have 10–15 minutes to present as a group.

ANY QUESTIONS??
