

Goal 6. Ensure availability and sustainable management of water and sanitation for all

Target 6.1 By 2030, **achieve universal** and equitable **access to** safe and affordable **drinking water for all**

Target 6.2 By 2030, **achieve access to** adequate and equitable **sanitation and hygiene** for all and end open defecation, paying special attention to the needs of women and girls and those in vulnerable situations

Target 6.3 By 2030, **improve water quality** by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, **halving the proportion of untreated wastewater** and substantially increasing recycling and safe reuse globally

Target 6.4 By 2030, substantially increase **water-use** efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address **water scarcity** and substantially reduce the number of people suffering from water scarcity

Target 6.5 By 2030, **implement integrated water resources management** at all levels, including through transboundary cooperation as appropriate

Target 6.6 By 2020, **protect and restore water-related ecosystems**, including mountains, forests, wetlands, rivers, aquifers and lakes Transforming our world: the 2030 Agenda for Sustainable Development A/RES/70/1 19/35

Target 6.a By 2030, **expand international cooperation and capacity-building** support to developing countries in **water- and sanitation-related activities and programmes**, including water harvesting, desalination, water efficiency, wastewater treatment, recycling and reuse technologies

Target 6.b **Support and strengthen the participation of local communities in improving water and sanitation management**

Goal 7. Ensure access to affordable, reliable, sustainable and modern energy for all

Target 7.1 By 2030, **ensure universal access to affordable, reliable and modern energy services**

Target 7.2 By 2030, **increase substantially the share of renewable energy in the global energy mix**

Target 7.3 By 2030, **double the global rate of improvement in energy efficiency**

Target 7.a By 2030, **enhance international cooperation to facilitate access to clean energy research and technology**, including renewable energy, energy efficiency and advanced and cleaner fossil-fuel technology, **and promote investment in energy infrastructure and clean energy technology**

Target 7.b By 2030, **expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries**, in particular least developed countries, small island developing States and landlocked developing countries, in accordance with their respective programmes of support

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Target 8.1 Sustain per capita economic growth in accordance with national circumstances and, in particular, at least 7 per cent gross domestic product growth per annum in the least developed countries

Target 8.2 Achieve higher levels of economic productivity through diversification, technological upgrading and innovation, including through a focus on high-value added and labour-intensive sectors

Target 8.3 Promote development-oriented policies that support productive activities, decent job creation, entrepreneurship, creativity and innovation, and encourage the formalization and growth of micro-, small- and medium-sized enterprises, including through access to financial services

Target 8.4 Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-Year Framework of Programmes on Sustainable Consumption and Production, with developed countries taking the lead

Target 8.5 By 2030, **achieve full and productive employment and decent work for all** women and men, including for young people and persons with disabilities, and equal pay for work of equal value

Target 8.6 By 2020, **substantially reduce the proportion of youth not in employment, education or training** A/RES/70/1 Transforming our world: the 2030 Agenda for Sustainable Development 20/35

Target 8.7 Take immediate and effective measures to eradicate forced labour, end modern slavery and human trafficking and secure the prohibition and elimination of the worst forms of **child labour**, including recruitment and use of child soldiers, and by 2025 end child labour in all its forms

Target 8.8 Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment

Target 8.9 By 2030, **devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products**

Target 8.10 Strengthen the capacity of domestic financial institutions to encourage and expand access to banking, insurance and financial services for all

Target 8.a Increase Aid for Trade support for developing countries, in particular least developed countries, including through the Enhanced Integrated Framework for Trade-related Technical Assistance to Least Developed Countries

Target 8.b By 2020, **develop and operationalize a global strategy for youth employment** and implement the Global Jobs Pact of the International Labour Organization

Goal 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Target 9.1 **Develop quality, reliable, sustainable and resilient infrastructure**, including regional and transborder infrastructure, to support economic development and human well-being, **with a focus on affordable and equitable access for all**

Target 9.2 **Promote inclusive and sustainable industrialization** and, by 2030, significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries

Target 9.3 **Increase the access of small-scale industrial and other enterprises**, in particular in developing countries, **to financial services**, including affordable credit, and their integration into value chains and markets

Target 9.4 By 2030, **upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies** and industrial processes, **with all countries taking action in accordance with their respective capabilities**

Target 9.5 **Enhance scientific research, upgrade the technological capabilities of industrial sectors in all countries**, in particular developing countries, including, by 2030, encouraging innovation and substantially increasing the number of research and development workers per 1 million people and public and private research and development spending

Target 9.a **Facilitate sustainable and resilient infrastructure development in developing countries** through enhanced financial, technological and technical support to African countries, least developed countries, landlocked developing countries and small island developing States

Target 9.b **Support domestic technology development, research and innovation in developing countries**, including by ensuring a conducive policy environment for, inter alia, industrial diversification and value addition to commodities Transforming our world: the 2030 Agenda for Sustainable Development A/RES/70/1 21/35

Target 9.c **Significantly increase access to information and communications technology and strive to provide universal and affordable access to the Internet** in least developed countries by 2020
